Mzingeli Ncube

Lighting Technician | Lighting Director | Systems Integrator

Centurion, Gauteng, South Africa | +27 79 839 0386 | mzingeli.ncube@gmail.com | github.com/Mzingeli10 | linkedin.com/in/mzingeli-ncube-0904043b9

Professional Summary

Adaptable lighting technician with hands-on experience in live event production, corporate shows and multi-fixture live setups. Proficient in console programming (Avolites, grandMA,Onyx,Chamsy), signal routing across Art-Net and sACN, and small-scale truss and fixture setup. Combines calm real-time troubleshooting under pressure with technical precision in network distribution. Backed by a Bachelor of Computing degree in progress, with a strong grounding in networking. My dream has been to be a Lighting Technician since i started doing theater shows in high school ever since I've made efforts to continue to grow my skills in the industry.

Technical Core Competencies

- **Consoles & Control:** Avolites Titan Series, grandMA3 (Online Modules & OnPC).
- **Networking & Protocols:** Art-Net, sACN, DMX512, RDM, IP addressing & subnetting, managed network switches.
- **Software & Visualisers:** Avolites AI, Vectorworks, Capture pre-vis, Git / version control.
- **Rigging & Hardware:** Small-scale truss and fixture setup, fixture addressing, cable management.

Key Production Credits & Experience

Freelance Lighting Technician / Lighting Director | Elevate Worx Gauteng, South Africa | 2024 – Present

- Programmed and executed lighting for corporate events, live concerts and multi-stage youth gatherings.
- Deployed Art-Net node networks and DMX lines to keep control reliable across multi-fixture rigs.

- Patched consoles to fixtures over DMX512, setting fixture addresses and universes, and connecting consoles, signal nodes and network switches.
- Assisted with fixture hang, power cabling and post-show strike at live events, following venue safety rules.
- Worked alongside audio and video crews on shared stages at live events.

Freelance Lighting Technician | AJR Audio Gear Centurion, Gauteng | October 2026

- Women's Ministries Congress, Heartfelt Arena, Pretoria (8 – 11 October 2026): four consecutive days as lighting technician on a multi-day congress.
- CANSA Event, Heartfelt Arena, Pretoria (21 October 2026): lighting technician.

Stage Lighting Technician (Volunteer) | Hillsong Church Gauteng, South Africa | 2023 – Present

- Operate lighting for large services and conferences. Set up fixtures and small-scale truss at church venues.

Technical Production Specialist | Independent Projects / Live Events Gauteng, South Africa | 2023 – Present

- Helped set up stage layouts from plans for live band performances and multi-team events.
- Diagnosed and repaired real-time signal dropouts, faulty data runs and fixture addressing mismatches during live productions.

Paid Event Credits

- **Women's Ministries Congress** – Heartfelt Arena, Pretoria | 8 – 11 October 2026 | AJR Audio Gear
- **CANSA Event** – Heartfelt Arena, Pretoria | 21 October 2026 | AJR Audio Gear
- **Splunko by Cisco** – Four Seasons Hotel The Westcliff, Johannesburg | 10 – 11 June 2026 | Elevate Worx (including setup)

Education & Certifications

- **Bachelor of Computing (Integrated Honours), Software Engineering** | Belgium Campus ITversity | 2023 – 2027 (in progress; 13 distinctions, no failed modules)
- **Certified Lighting Engineer**
- **MxU Technical Production Pathways** | Lighting & Live Audio Systems

- **grandMA3 Systems Training** | Lighting Control & Ecosystem Fundamentals
- **Cisco Networking Academy** | Two Packet Tracer courses (October 2026)

Additional

- **Youth Leader, Hillsong Church (2024 – Present):** mentor Grades 7 – 12 and coordinate sessions and logistics.
- **Robotics Competitor, High School (2018 – 2023):** five years of competitive robotics; awarded Full Colours.
